I have several very nice ibc totes for sale. They are 275 gallons and are great for a variety of uses. They are perfect for aquaponics composting oil or fuel storage scrap metal hauling water for trees landscaping livestock etc. I would not recommend them for human drinking water but for anything else they are fine. They are in great condition. I work in Commerce city so I can drive my truck in and meet you with them there or even deliver right to you if needed.
