Hi I have 2 bed room duplex up and down that I haven't yet had time to put in work at yet due to me being pregnant. I would like for the home to be occupied to keep away squatters . Or to keep the house in good standing. This is a nice home but needs some work, plumbing and minor electrical. The rest is cosmetic. I'm renting out if you can do the work and need a place to live I'll let you move in for as low as \$500 down and 266.00 a month. In either the up or down or whole house as long as your willing to do the work. I don't look to move in for a few years so you'll have time to stack money and live for a little of nothing. Must be able to turn on utilities. I have already pulled electrical permit. Lease agreement will be required. And proof of income. If interested please call only.!
