Hello I do not have much money but I do have my own business that I am trying to keep. I am going through a crazy situation where I need to leave a potentially dangerous situation. It is me 32, my dog 2 cats and cousin that is sickly he is 40. My husband is putting us out and I just need a place of peace. I will help out in any way I can and once I get my business back up and running I can pay rent. I can provide about 400 a month in.
