PT Data Collection Coder Needed (Seattle)

Location **Washington**
https://www.genclassifieds.com/x-283093-z

Data Coders are responsible for collecting data on items that may have incorrect or vague UPC codes. Must be able "think outside the box" to help discover these items. Work load depends on new items introduced in the market, and your ability to be proactive in capturing the data prior to a sale. Must have technical skills and experience using a digital camera and uploading images to a computer from a camera.

Hours per week may vary: 21-25

Schedule: Mondays-Fridays during the mornings/afternoons

Please reply directly to this e-mail if you are interested!

Regards,
