CORE MODEL DEVELOPER

Pinnacle Solutions, Inc. is seeking a highly experienced Core Model Developer for one of our Clients - a large Financial institution located in Columbus, OH or Dallas, TX or Wilmington, DE or New York City/New Jersey for a 5-month contract with possible extension, full-time, and on-site.

NOTE! Candidate - please specify desired HOURLY rate in application questions and choice of location.

DESCRIPTION
â€? Develop and deliver sophisticated econometric, economic, statistical or other mathematical models that meet internal and regulatory standards
â€? Responsible for designing, developing, building, and validating statistical models and segmentation strategies
â€? Performing data extraction, sampling, and statistical analyses/modeling using logistic regression, multiple regression, multivariate analysis, discriminant analysis, and neural network
â€? Includes use of evolving tools and methods to improve scorecard and other models through data enhancement, new characteristics and algorithms
â€? Responsible for Documentation and communication of modeling process and model results to business and independent review staff

QUALIFICATIONS
â€? Minimum 1+ years experience in developing statistical and econometrics models for measuring risk within financial institutions.
â€? In-depth theoretical and practical knowledge applying categorical methods such as logistic and survival analysis, solid modeling background for panel data analysis.
â€? Strong analytical and problem solving skills with ability to deliver quality results quickly.
â€? Expert in the use of software for data handling and model development.
â€? Experienced programming knowledge in both SAS and SQL. Operating system experience with UNIX and relational database knowledge such as ORACLE, DB2, DATA. SAS/Base, SAS/Stat, SAS/Macro preferred.
â€? Demonstrated excellent written and oral communication skills to clearly present analytical findings and make business recommendations via the use of Microsoft Word, Excel, and PowerPoint or other documentation tools.
â€? Preference will be provided to those with demonstrated strong modeling experience in consumer and retail business banking and those with an understanding of risk drivers for consumers and/or small business accounts.

EDUCATION (Required)
â€? Master's Degree (Quantitative-Related)
â€? Ph.D. Degree Preferred
