Looking for an Electric Apprentice to start immediately.

Position will work under direct supervision in both residential remodels and florescent lighting retrofit projects. Prefer someone that has some experience in these areas.

Candidate must have:

- Dependable transportation
- Valid driver's license
- Experience with both hand tools and power tools.
- Good work ethic and people skills

Position is currently a part time, but given present workload I am looking for someone that can work full time hours, 5 days a week.

Please call to discuss the position in more detail.
