Epoxy Flooring (Raleigh)

Location **North Carolina**
https://www.genclassifieds.com/x-372948-z

My name is Richard Uhl and I have 17 years experience in Stonework and 9 years in Epoxy Flooring.
I am extremely clean and organized from start to finish, enabling me to produce a premium finished product. Our customer service is excellent and I am always listening to the customer. All of our concrete prep consists of shot blasting or diamond grinding the concrete.

We Offer: Commercial and Residential: Large and Small.
Stained Concrete
Choose from many different colors (including metallic) and styles.
Seamless colored flaked floors to colored Aggregate floors
Durable Poly-Crete floors for your Restaurants
Coatings for your Garage, Shop, Basement etc.
Also, we provide a wet mix for Sloping Floors --if you have a room that does not have the right PITCH for proper drainage
Perform all the proper prep to open the pores of the Concrete
If you have Wooden flooring such as Sub-flooring or Hard Wood we have a flexible material to expand and contract with the wood which give your epoxy floor longer life.
Also, we can go over tile by grinding it down and then adding a membrane system to the floor, adding elasticity. Visit our website for more photos and samples

Please call for an appointment to discuss what floor you need.

Thank you for choosing Uhl Stonework & Epoxy Floors LLC.
We are [illegible] Bonded, Insured and OSHA [illegible]!
