45 Gal. Hexagon Aquarium Setup w fish and all supplies 190 (Eagle River)

Location **Alaska**
https://www.genclassifieds.com/x-570452-z

I am looking to sell my fish and fish tank setup. This is a 45 gallon hexagon plexi glass fish tank that is well established, 4 plus years and healthy. It is home to a pleco, two large goldfish and one large oranda goldfish. The fish in the tank have all been there since they were small. We are on good well water, not city water so that is all they have ever been in. Everything below is included.

45 gallon fish tank
Medium Pleco
2 large Goldfish
Large Oranda Goldfish
Goldfish food pellets
Freshwater master test kit
Lifeguard medication
Ick medication
Extra PH test kit
Leaf zone
Fish net
Thermometer
Changing color LED light strip in gravel
White LED light strip on tank
Decorations
Colored gravel
Mesh
Filtration system
Heater
Bubble system
Wallpaper

I am looking to sell this setup complete for only $190 which is only a fraction of what's have spent on it.
Also, I am able to help load everything into your vehicle. If you are interested please call or text, thanks.
