# 86 ford f (250 USD)

Location **Montana**
https://www.genclassifieds.com/x-626462-z

Parts for a f-250 everything is good except the motor. 4 speed manual trans, 4wd. Extended cab longbox. Body is a little rough but can probably still be used. Some parts off the motor may still be usable such as intake maby the heads and probably accessory drive. If I can find it I have the carb as well. Text is best way to get a hold of me.
