Any Job, Large or Small

BENEFITS:

-Completely removes stumps
-Hassle free
-No stump, or hole to deal with
-Only byproduct is mulch
-Affordable

THE PROCESS:

The stump grinder removes a stump by grinding it into small chips WHILE THE STUMP IS STILL IN THE GROUND. This leaves no damage and no surrounding lawn scarred or touched. After we clean up the chips we leave the chips as a campsite or spread around for mulch depending on your preference. This process makes stump grinding a much more affordable and feasible way to remove stumps rather than using explosion.
