Don't let a sewer blockage cost you your yard, until you know for sure that it is absolutely necessary. M & T MAINTENANCE (A PLUMBING CONTRACTOR) Home Services will send an experienced plumber to run a video camera through lateral lines and sewer main lines to see for yourself what's in the lines underground.

Advantages of Sewer Video Camera Inspection include:
Know exactly the location of a blockage before digging
Identify exactly the cause of the blockage
Reduced cost and inconvenience in attempting to enter jobs where not needed
a¢Increase peace of mind when purchasing real estate as part of the inspection process

The findings will allow our plumber to evaluate your needs and recommend the best solution for your specific problem. A 1/8" hole in a water main can lose over 1 Million Gallons of Water a Year. M & T MAINTENANCE is a fully licensed, bonded and insured local plumbing company. All plumbers are fully trained and certified, background checked, drug tested and OSHA certified to ensure the highest standard of professional service. We are happy to schedule an appointment time that fits in your schedule, call us
