This project is simple. I am planning a video series called "The Mini Adventures of Oswald." Videos will be posted on YouTube, Vimeo and Vine. The plan is to spend one Saturday a month (starting MAY 2015) shooting these videos - days are already scheduled. 10AM to 3PM will be the usual schedule. And videos will be posted almost immediately. Cast Photos will be taken the day of the shoot, and posted to Flickr.

I'm simply generating interest now.

The videos shot will be unscripted. They are intended to be lewd and suggestive - no pornographic images or nudity. Suggestions for each video will be gladly accepted, and taken into consideration. The main character will always be Oswald, so he will always appear in the videos. I would like a team to help me create a small universe for this project, which is truly intended to be somewhat of a 'flash in the pan.' Creative freedom guaranteed - I'm easygoing and open-minded, so many ideas will be taken into great consideration.

Requirements: Please be creative - that is most important. Otherwise, not too much else is needed. Film / Video experience is not necessary. And I am looking to make sure this project remains nice and diverse.

On the days we shoot, you may be asked to run the camera. Please be okay with this.

Please have reliable transportation.

Please submit a headshot. A head to toe shot might also be beneficial.

Are you on FaceBook? It'll make keeping everyone up-to-date far easier. So FaceBook is a necessity. I currently have a strong Twitter following (28K+ strong), where the videos are bound to end up. Promotionally, we start receiving views.

If you have questions, please feel free to ask.

Volunteer Basis.
