Selling an used computer server/server workstation which is maintained in a decent condition. It's a great server with great performance!

Model: Dell Precision 690 Workstation
Processor: 2 Xeon 5160 @ 3.00 GHz Dual Core (4 Cores in total)
Memory: 20 GB
Hard Drive: 250 GB
Optical: DVDRW
Operating System: Windows 7 Professional 64 bit installed

Software:
- Microsoft Office 2013 installed
- Symantec Endpoint Protection 12.1 RU4 installed

Would like to sell it for $360 OBO. Thanks.

Prefer local pickup at UC Berkeley (this computer sits in my office)
Please contact me at or by email: blueskykid at hotmail.com,.
