I have been an attorney in Central Florida since 1975.

I handle uncontested divorces for a low flat fee. All other family law matters are handled for a low hourly fee. I also appear in Court for people involved in injunction proceedings concerning domestic violence matters.

If you call me, I will discuss your divorce matter or family law matter with you at no charge.

You are welcome to call me on Saturday, Sunday, or in the evening, and your call will be promptly returned.
