Has your child had difficulty in math because he or she missed something along the way?
Does your child still use fingers for adding and subtracting?
Does your child do poorly on math tests?
Does your child not have a firm grasp of math concepts needed in school?
Has your child exhibited a dislike for the subject?

I specialize in finding gaps and helping your child catch up.

Call me and we can talk about your particular situation. I am booking now and have some open times.

All work is done in my home office in Northeast Mesa. All work is done one-on-one.

I am a licensed educator with FBI clearance.
