I am selling my 30 L gallon aquarium. It comes with glass top, light that works and stand. Tank hold water. No chips or cracks. Selling because I am getting rid of fish stuff. Tank is all cleaned and ready to go. Tank is 36" x 17" x 12 3/4. Stand is 39 1/2 Long x 21 High x 23 wide. Middle of stand has been reinforced with piece of wood that matches color of stand....very sturdy. Really don't want to separate tank and stand...they match. 75.00 for both. Please call or text for more info or email. Thx
