I have for sale a very large custom reptile terrarium.it measures(L48"xH48"xW24"). It sits on a custom oak stand with lots of storage space. Also a matching oak canopy which hides the heavy duty screen top and all lighting. Tank includes, two dome heat lamps, double strip dessert lights, a zoomed power strip with built in timer, and plenty of drift wood. The two front glass panels sit on a tracking system, which slide open from left to right for easy access. Glass is 1/4in. Thick and very heavy.
I am asking $350.00. No less sorry. I have over $1200.00 invested. Thanks
