

# Like to talk to a Nurse. Thinking about getting into nursing. (Denver)

Location

Colorado

<https://www.genclassifieds.com/x-446212-z>

Hi! I'm male and 30. Interested in getting into nursing. Looking for advice on whether if it would be worth getting into. I have an environmental science degree and currently between jobs. I have always been interested in nursing and have been looking into the pros and cons.

Any advice or information you can provide would be appreciated.

!
