Certified HVAC tech performing handyman duties in the bay area at affordable rates. HVAC techs are also certified in plumbing/electrical since it's required in the field (gas plumbing, vent work, and electrical for A/C compressor) I'm also EPA certified. I have 10 years of experience, ranging from pavers to house framing. I thrive for customer satisfaction, and always looking out for customers. Call me for additional information or need a estimate/bid. Thanks for looking, have a great day.

Well experienced in:

*Plumbing- kitchen, bathroom, irrigation, clean-outs, drainage, copper piping, plastic(PVC) piping, adding extra lines with shut-offs, adding drinking filter faucet, and refrigerator lines.

*Electrical- checking voltage, diagnosing electrical components, adding outside lines, adding an additional breaker box, fixing/adding outlets, fixing/adding switches, fixing/adding lights, and setting up custom layouts for entertainment.

*Framing- I know all the safety and city requirements when it comes to building additions and or extensions.

*Wall Mounted Televisions- You me what you want, and I can improve your design to where youd love it.

I HAVE ALL TOOLS FOR THE ABOVE JOBS.
