What do you think? We want to know & you'll be paid for your time.

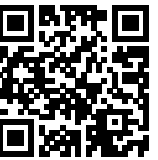

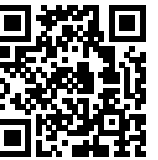

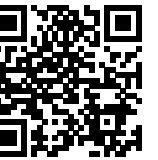

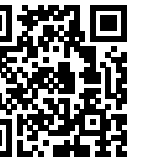

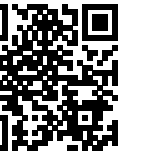

SCI Research conducts focus groups in and around the Gulfport area. Focus groups are small group discussions used in the market research profession (usually lasting 1.5 to 2 hours). Subject matters range from products and services to candidates and public policy. We DO NOT EVER attempt to sell anything! SCI is a 27 year old market research firm located in Baton Rouge, and is only interested in your opinions.

Participating in a focus group discussion is a paid gig -- we offer you cash for your opinions and time. There are always snacks and beverages for you while you're participating.

If you enjoy expressing your opinions and would like the opportunity to participate in future paid focus groups, please enter this secure link into your web browser to sign up for our focus group database: https://ssl.sciresearch.com/focus_group/.
