My name is David Allen Farrell, owner of a brand-new photography/videography service. As part of my pre-launch phase, I'm looking to build my portfolio and am seeking local male and female models age 18 and up for short videos and images to be sold as professional, commercial stock footage on the world's largest, leading provider of professional stock media. Videos and images may be used in commercials, advertising, movies, TV, etc.

Gig details:

The shoot is part of an ongoing, dramatic series called "In the Dark" (evening shoot against a black background with one overhead spotlight). The object of the shoot is to capture the natural grace and beauty of seemingly average people in a variety of poses and outfits. Some acting is required, but all models are coached through the scenes.

Models must bring two forms of ID to the shoot (no exceptions).

Models will be asked to sign a "Digital Media Release" prior to filming and photographing.

Models are compensated via 50/50 profit split on the sale of any image or video containing their likeness.

Models may also select up to 10 images and 1 video to use as they like.

To inquire, contact us. Further discussions will be made via reply email. Please have a headshot and full length image ready. Any image quality is fine for [illegible] purposes.

Please note, this is a private home studio and the shoot may take anywhere between two and three hours to complete. A makeup station will be made available as well as refreshments for the duration of the shoot.

I sincerely look forward to hearing from you.
