QR Code Link to This Post I am a mother of 1 daughter who is looking to baby sit for you during the most inopportune times. If you need someone to take care of your child(ren) from ages 3-12 while you are working or simply wanting to go out on the town for a night or on the weekends, I am here to sit for you. All children must be potty trained. I am not certified. Therefore, I do not wish to care for children with defects or complications. The reason is not in discrimination but in not being able to properly care for them. I do not want to take that risk. The setting would take place in my home that is smoke free and pet free. If your child has allergies say no more because mine is allergic to almost everything as well as myself. I'm allergic to everything environmental but a dog.

I have 11+ years of experience with children, including 6-7 years being a mother.

It is just my daughter and myself. She would enjoy the company and I could use the money. Please see the details below for prices that you can't beat! I look forward to making this the a piece of cake for you.
