QR Code Link to This Post My name is Ryhesha Dunn and I am a tax preparer in Hammond, Louisiana. Do not let the state discourage you however. I am able to prepare taxes from all states. So if you live in California, Texas, Mississippi, Mexico, Alabama, or any of the 50 states then I can do it. My rates are affordable for my services. Nationwide, the prices are running between as high as $700+ and many offices charge by every single form, but I do not charge for many of them. I consider this a great deal! Unlike many tax preparers I do not plan on increasing my prices each year. By leaving the prices the same, you are able to take advantage of an affordable service. I offer low fees, quick refunds, options of direct deposit, prepaid debit card, or paper check printed on site when it is ready from IRS, and if you can't make it to me then you simply just email or fax your documents and I will work up your refunds. You are able to sign your documents electronically by email or by cell phone so you never have to leave the comfort of your home. Refunds are typically posted within 5-7 business days when you utilize my services, but the IRS will not be processing refunds until January 22, 2018 this season. Also I am also offering Refund Advance Loans of $500, $800, and $1200 if approved which you should receive within 24 hours if you elect to get it. Your information is protected and confidential and I am the only person that has access to your information. I take confidentiality very seriously. Also, I will be inspecting the ID's/driver's licenses that you email me and if they are not correct (expired or fake identification), I will kindly inform you that I will not be preparing your taxes and the reasons why. Last paystubs/paycheck stubs are welcome for estimates! Estimates/Quotes are free. You will be very pleased with my services. Please take a look at my website and feel free to contact me if needed:
