

REDUCED Red Sided Eclectus Parrot, Handfed Baby Female, Weaned (Semmes, AL)

Location **Mississippi**
<https://www.genclassifieds.com/x-701925-z>

Hatched February 27th, this super sweet, gorgeous handfed baby girl Red Sided Eclectus Parrot has been weaned now for nearly two months.

I handfed both of her parents myself, 23 years ago and they remain our pets today. I only allow the pair to breed (give them their box) every few years. I have her younger brother and sister listed in a different ad.

Eclectus parrots are sexually dimorphic. The girls are deep red and blue/purple with solid black beaks. The boys are vibrant emerald green with candy-corn colored beaks.

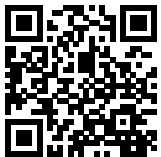

\$895 Cash only. I can accept PayPal for a small additional fee to cover their fee.

If you wish to contact me via email, be sure to include your phone number. I WILL IGNORE all emails that do not include a contact phone number. Better yet, call me at (251) 645-9090.

Though I will gladly meet you part way, no, I will not ship.
