

Creative, Loving, and Experienced Childcare Provider (Gulfport)

Location

Mississippi

<https://www.genclassifieds.com/x-713737-z>

Hello! My name is Aly, and I have 11 years of experience in Day Care with children ranging from birth to school age. I have up-to-date CPR and First Aid qualifications, as well. I like to keep children busy with fun activities through out the day, such as science projects, sensory outside play, and even cooking activities! My passion is in the arts though. I love letting children explore different materials, and I have found that they learn and and retain information so well this way. Exploration and age appropriate self sufficiency is also encouraged. We go for walks, read stories, and sing lots of songs! I prefer teaching the children through play, with an end goal to have your child ready for school while in a loving and fun environment. We also have Tumble Buggy that comes once a month! I have plenty of references from employers and parents alike! I supply breakfast, lunch and two snacks all for a very reasonable price. I'm conveniently located near JD collage and I'm not far from the interstate. I only have one available space.

Please contact me with any questions, or to schedule a meet and greet.
