I'll be headed down the 10 interstate to Louisiana on the 21 of November around 10am. I can make stops anywhere off the 10 freeway along the way. Price according to your destination. If you would like to take a few things, that's ok to but additional weight will add a few more dollars to your trip. I will be driving a 12 feet U haul truck. I will have a few things and my bike will be in the back but I'm sure I can take a few things. If you are serious about the ride, it's first one with a \$20 deposit secures the ride. We can met at my place prior to trip, to leave small \$20 deposit just so I won't pass up someone else that might want to ride. If you want to ride all the way, It will cost \$200 which isn't a bad price to get to Louisiana. Traveling through New Mexico, and Texas. If you would like to know if your city is along the way, check the route 10 Interstate. If interested, call Text for faster response. NO DRUGS OR ALCOHOL AND DEFINITELY NO WEIRDOS!

Tucson New Mexico Dallas Fort Worth and anywhere in between off interstate 10. Drop off no further then half a mile from.
