I am looking to hire someone for a one-time job to go out and scout a piece of property that I am interested in purchasing in Montana. The land is located 11 miles east of Miles City off of a dirt access road. The job will require the employee to drive out to the property to confirm access, record a video of the trip to arrive at the property, take a few photos, and fill out a short questionnaire on the property's features.

I am willing to take offers on how much you believe this job is worth. Please send me an email to apply, with your name and employment cost for the job. I can pay with Paypal once the job is complete.

If you have any questions, please do not hesitate to contact me. Thank!
