

Sensitive odd job

Location **Vermont**
<https://www.genclassifieds.com/x-724339-z>

This is a sad story. I came across a kitty killed on the road Saturday and buried it wrapped in a sheet in my yard, and then I found the owner and she would like to take and bury it in her own yard. So it needs dug up very carefully. It's about 4 feet down.

Delivery (~1 mile) would also be helpful but not critical

It should probably take 20 minutes and I can pay \$35, or \$45 if delivery is included. Looking for help asap so that I can get it to the owner quickly.
