Planning for the future can be difficult, if not impossible. However, everyone should plan for the inevitable, and prepare legal documents to assist with the distribution of your assets and property to your family and friends upon your passing.

In the absence of a Last Will and Testament, your property and assets could be caught up in a court for years, and the distribution of your property delayed to your loved ones.

If you have ever thought about drafting a Last Will & Testament but have always put it off until tomorrow, now is your opportunity to prepare for the future, and have your assets distributed as you choose.

Our office will help you draft a Last Will & Testament to your specific requests; including setting up a special needs trust for minor children and children with disabilities (with no tax implications to them).

We are the only law firm in New Jersey with the "Name Your Price Policy". Call us today at to schedule your free consultation.
