We are dedicated to mentoring troubled youth. Are you and your teen not seeing eye to eye? Let us help. Do you need a male role model for your troubled young man? Look no further...

One on one mentoring provided by a licensed, degree professional. We've been working with youth for ten years and love what we do. Yes, you can claim your fees on your taxes and yes everything we do is confidential. Make your own schedule for your child. We can mentor during homework time and tutor as well. We can get your teen out of the house for emotional & physical activities and have them home before dinner and bed time.

We don't judge your family. We are all human living everyday life. Has your teen been abused sexually, mentally, physically, emotionally and afraid to speak about it? Let us help.
