 No diagnostic fee and no need to deal with downtown/short pump traffic! These prices outline my normal repairs but are not limited to the work I am available to do. I have rebuilt a few hundred laptops for resale, have my BS in Forensics and a SUNY degree from Syracuse, and have been repairing laptops for 6 years while attending college in Syracuse and then at VCU through Fall 2010......and still in 2015!

 I also work on and repair the IPhones, iPads, Galaxys, LG's G2, ect. Please send email indictating what you have and what your issue is. Devices like these I will give individual estimates for. Like iPad 2 digitizer would be $70 total. Thanks

Multiple computers or issues receive a 10-15% discount and jobs not listed please inquire for pricing.
