

Child Care Available January 6th W

Location

Wisconsin

<https://www.genclassifieds.com/x-731160-z>

Thank you for taking the time to read my ad! I will have an opening for part-time childcare beginning January 6th for one child. This opening would allow for full days (or hourly as needed) w-f. I am a college educated part-time working mommy with three daughters. I currently hold a masters degree in social work and have many years of additional childcare experience in addition to caring for my own children. I do not believe in utilizing TV as a babysitter and prefer to engage children in my care in learning through play! We love to take outings to the Zoo, Museum etc. (with your permission of course). I serve a healthy diet of organic and natural foods which would be provided for your child at your request. I also have a wide variety of both indoor and outdoor toys. We own our home and have a dedicated play area for our children as well as a large yard with a swing set. Please email with any additional.
