

Looking for a private driversecurity (Park city)

Location **Utah** https://www.genclassifieds.com/x-731754-z

I need a driver for my clients. I can provide the security but would be ideal if driver has a guard card or security experience. Must have license, insurance and a nice 4wd vehicle. SUV is ideal but sedan will work. Should live in Park City or nearby. Must be trained before.
