Catlin Gabel, Central Valley Catholic, Jesuit, St. Mary's, Lincoln, Riverdale, Wilson, Grant, Cleveland, PCC, PSU. Exceptional patience, reasonable rates. Get the edge a private tutor gives you! I'm not an agency. I'm better.

Did you take a prep course but aren't happy with your math progress? Are you a do-it-yourselfer who just needs a little boost? I can help!

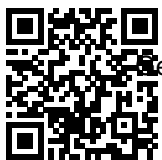

Better your score! Whether you're a dedicated, focused self-starter, a complete procrastinator, or anything in between, if you're about to take a standardized test, there are strategies you need to know, and I can help.

I am a full-time, professional tutor with more than twenty years experience tutoring math, from high school to college level. Algebra through Advanced Calculus is my specialty, but I can and have tutored all lower levels.

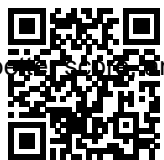

I am a Cal Tech and UC Santa Cruz graduate with a Master's degree in Pure Mathematics and a BA in English Literature. Moreover, I excel at "explain-ery": I can present it so you understand all of it. And I can show you the easy shortcuts, as well as the "proper" way to do a problem.

I offer a satisfaction guarantee: if, after the first hour, you feel I haven't helped you, you owe me nothing. I do this because not every tutor is right for every student, and you shouldn't have to pay to find that out. For what it's worth, no one has ever taken me up on it.

You decide how much tutoring you need or want, and you can stop any time. Additional discounts available on request.  
 You can reach me, John or visit my website:
