QR Code Link to This Post If you are needing your washer or dryer repaired, then please give us and we can SAVE YOU MONEY!!

We only charge a \$35 service charge to come check your appliance. If we do the repair on your appliance, all we charge you is for the part and the labor. We do not add the service charge! Also if you decide not to get your appliance fixed and come buy an appliance from us, we will take the service charge off your purchase price. So you are not out the service charge either if you buy an appliance from us.

We have over 31 years experience in the appliance repair and sales. We can help you take care of your repair. We don't over price the parts or your labor cost. What we pay, is what you pay. Call us and we can give an estimate for the repair you need done and help save you money.

Please call or text! We will be glad to help you with any questions.
Thank you and have a Blessed!
