QR Code Link to This Post Two guys looking for a third roommate who can afford \$550/month rent. Our third roommate is moving to Jacksonville within the next month to pursue a job, and the lease is up in 11 months, so we have to find someone to sublease his share.

We are looking for someone who can contribute at least \$550 to rent (that includes water, trash, cable/wifi, and electric, but fluctuates). We prefer someone who has a job, so providing a recent pay stub from your place of work is mandatory.

We ask for candidates who are open-minded, clean (but not OCD), and willing to share a bedroom. Candidates should NOT be homophobic. One roommate smokes, other doesn't.

W/D unit provided; the apartment complex has a couple pools, laundry facilities, within walking distance of the Cady Way Trail, and is only a half hour from the airport. We have a small porch, kitchen, furnished living area, 2 bed/2 bath and WalMart is just down the road for convenience.

Any questions just ask; we have a ton for you. Let us know if you are interested, we want to meet in person perhaps at a Starbucks, then if we like who we meet and your financial situation is okay, we will show you the place. Decision will be made within the next few.
