QR Code Link to This Post I have a three bedroom two bathroom house and I work from home. I need help cleaning the house. Because I am allergic to chemical products, I will provide the natural cleaning products: Dr Bronner's soap, baking soda and vinegar. My house is on the number 14 bus if you live in town. Otherwise please have your own transportation and live reasonably close. No smokers. Please have at least one reference I can call.

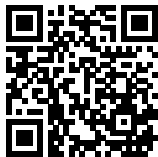

The job would be three hours per week at \$15/hr. If you have a car I would also like help grocery shopping and that would be another hour. Thursdays or Friday mornings are best for me but I can also do Wednesdays. Please contact me if you are interested,!
