QR Code Link to This Post Classen CA-18 sod plugger

Help your lawn hold & absorb water like a sponge when it rains.

I am selling you time to use the plugger, i.e. a tiny amount of its devaluation., not my time (you are not hiring me as a service).

The Plugger available for rent was formerly a Home Depot commercial grade rental. This is a very rugged machine that will plug any sod you got.

Will rent to any contractor or home owner.

Specifics are:

18" wide.

160cc Honda engine, Pull start.

Removable frame weights make for a through plugging setup w/easy transport.

Simple single lever operation.

Will fold up to fit in any SUV, minivan ,truck, trailer.

Ramps for loading are highly recommended.

Full tank of gas going out / returned.

Will deliver for \$1 per loaded mile. This covers gas and my time.

The rental agreement will be for \$50 / day . I will require proof of local address & personal photo I.D. plus \$200 refundable damage deposit. No offense, I am just

protecting my self here.

Renting a machine for my business. I will be personally driving the machine and I will be in the market the next morning.
