QR Code Link to This Post I'm looking for logs to turn into lumber. specifically looking for hardwoods. Have a few projects in mind but need certain criteria met. Decent sized hickory is one.

I also operate a Woodmizer LT70 Super wide and can put it to work for those out there looking for portable sawmill services(turning that tree into cash or heirloom furniture perhaps). Can also resaw larger material into your size. Cutting down old barnwood is just one idea. Mill is fully mobile, so travelling is no problem. Can handle 42-42" diameter with 36" max straight cut x 21' long log but handling becomes an issue at that size!. Current rate is \$65/hr for the mill. If jobsite is 15 miles and under, I do not charge mileage fee, over 15 miles, I'll need to work in travel charge. If I ruin a blade by hitting foreign material, blade fee is flat \$45. I'm located in Omaha NE.

Lastly, over time, I've developed quite a client list of ones looking to sell lumber. If you're looking for something look me up.

E-mail is best to contact, choice two is text my cell: 40two.three40.0seventwo2. Let's saw those logs!

Thanks for looking.

Lumber, woodworking, woodworks, woodworkers, craftsman, wood, walnut, hickory, pine, cedar, ash, oak, hackberry, hard wood, hardwood, timber, timbers, home decor, tree clearing, mill, saw, chainsaw, timberking, sawyer, aborist, tree company, power line, utility line, power pole, western, ez boardwalk, urban forest, tree damage, storm, reclaim, mantle, beam, kitchen
