QR Code Link to This Post Beautiful home to share with a Professional person. I have a room that is partially furnished available to rent. I have a small dog, however, I can't have any other animals in the home. Parking is outside. I have another roommate as well...I require a professional person with a good background that does not party during the week at all, because of my job. NO drug tolerance. Rent is month to month.

The rent is \$600 per month plus \$20 per month for internet. Deposit of \$250
