QR Code Link to This Post Want to get in shape AND make money doing it? We have the perfect program for you- Get excited for FLYAROO Fitness!!!

FLYAROO Fitness is a program specifically for young children (preschoolers - elementary). It's a combination of dance, boot camp, musical theater, and yoga. The purpose of the program is to entice children to enjoy exercising and travel the world all using their imagination (everything happens in the classroom!).

This is a program where YOU can learn our branded and trademarked classes, teach anywhere in the country, at any location (preschool, after school program, dance schools, gyms, etc.), and charge any amount per class.

All you have to do is click on the link below and go through our 100% online training. You become certified (it costs \$225 for a lifetime certification) and you'll work as an independent Certified FLYAROO Fitness Instructor. We'll send you a certification once you're done with our easy and fun training course.

Is this for you? If you like fitness and you like working with kids, then yes! Most of our instructors are parents, babysitters, college students, fitness enthusiasts, teachers, and so on.
