Possible raise after 90 days. 40 hour + overtime. Great health, dental and vision benefits. You also will receive free flight benefits Don't wait call today.

## Ramp Agent Duties

Airline flight crews need ramp agents to safely guide their planes into gates and then push them back out again. Ramp agents are also responsible for all ground servicing of a commercial airliner, including loading and unloading of baggage and cargo. Ramp agents typically operate a variety of machinery and equipment, including baggage loader belts, diesel pushback tractors and small baggage cart tugs. In cold weather, ramp agents operate aircraft deicing trucks, working aloft to spray deicer fluids on assigned.
