QR Code Link to This Post Looking to create a small but epic jazz/blues band comprised entirely of female musicians. This is a labor of love so pay would be comprised of an even split of any compensation/tips made from gigs.

Seeking (but not limited to:)

Piano/Keyboard
Upright Bass/Bass
Drums
Trumpet/Brass
Guitar

About me: I am a female jazz/blues vocalist from NYC, newly relocated in NOLA. I was an artist in residence at the historic Joe's Pub in the East Village and played around the city with a small jazz trio/quartet often. I like to explore many styles of music, but find myself always going back to that 1940's golden era.

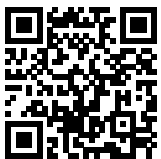

If this sounds like something you may be interested in, email me! Let's grab a coffee and chat! If you would like to know more about me or check out some of my work before (I totally get it!), please don't hesitate to email!

Looking forward to possibly creating a bad-ass group of ladies!
