QR Code Link to This Post I have a baby crested gecko and juvenile gargoyle gecko for sale. Trying to downsize my collection a bit. They both have lineage. Selling both as Unsexed though I can happily try to look for pores. I can get current weight upon request. \$100 for the crested gecko and \$150 for the gargoyle.

GARGOYLE IS SOLD

They're both super sweet, super awesome kids whom I'm going to miss dearly! Please only people with reptile experience. Serious inquiries only. No.
