QR Code Link to This Post She was let out of our loft Lodge that we rented for a week on vacation in West Glacier. We went on a hike and when we got back she was not there. It has been 8 weeks. But we keep hoping someone has found her. There is a \$1,000 reward. We are so lost without her and she needs to come home. Please help us find her. We had to return home after staying an extra 2 weeks in search of her. We live in Florida.

Please take her to a Vet or call Animal control. She is micro chipped and with a scan by them we could get her back. Thank you for your.
