QR Code Link to This Post i recently got a male husky from a girl i know, and he is not a good fit with our family. He is a good dog, his name is olaf. He warms up after a while. He is house trained, he is a good inside or outside dog. He takes a while to warm up, but once he does, he is a sweet heart. He is free to a good home. preferably a home with kids older than 10. I need him gone ASAP
