QR Code Link to This Post I would like to invite you to become an intern at our Denver Cake and Treat shop. In order to continue through the entire three month process, each intern will have to do each assignment given once a week. Should complete in class , but not due. We will have 1-2 classes a week. What gives you the edge- Practicing! Something's will need to be done at the bakery/class because of the equipment there. You can come in when I'm there for extra hours a week. Let us know if you can get in on the action.lol.

I would like everyone to stop by the bakery. M-F noon-7pm. Saturday 9-6pm and Sundays 11-4pm.

*You get paid for doing wedding shows and paid to do "paid cakes" like wedding cakes. You will have training to decorate, but you do not get paid for it. Training is in class form and showing you can consistently decorate several cakes in a row. In every business, you need sales. I haven't seen a business yet that doesn't. For extra money, You can sell cake to the brides and other people wanting cake. We will show you how.

*We will work on sales during the internship. Part of the training.

*You will learn to bake it, fill it, decorate it, stack it, arrange it, sell it and deliver your product. We will cover treat tables and other goodies in another set of classes.

*You will be baking a chocolate cake, white cake and a flavored cake. Learning secrets of the right consistency of the batter, the right way to bake it and knowing when the cake is done. You always wonder why the cake is dry???

*The do's and don'ts to splitting and filling a cake.

*We will go over an assortment of cake decorating including:

-Different ways of frosting a cake

-Covering cakes with fondant. Round, square.....

-Fondant flowers, brush embroidery, lacework,.....

-Learning to make borders and other designs on the cake

-Learning to design a cake. Learn what the bride/customer wants

-Stacking and decorating cakes for sale and delivery

-Arranging the cake table to look nice

-How do you sell it? Where do you sell it?

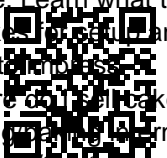

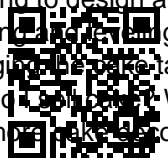

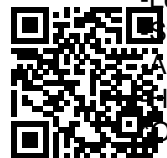

One more thing...decorating training internship... The first 100 cookies...bookkeeping, employee relations, and more... to open several gourmet cake/treat shops and satellite stores over the next several years.

*It's all about understanding everything you have to do in a gourmet cake and treat shop. From sales to delivery!

Each weekly assignment/project are cakes to finish. As the final project you will have to do a tiered cake at our expense, but your time. It will be put on display at our bakery.

****Have more experience? Please let us know what you have to offer.

*****We now have received 2 invites to do food network shows. would love to get a team together and take on a challenge show or even a reality show. They ask a few bakeries in each area. So it's kinda special!!? A great way to build business and show off those who are at our bakery. I know I can't do it all by myself and always give
