QR Code Link to This Post Hello!

I have one bedroom available immediately that I am looking to rent out in a single family home. The home is about 3 blocks west of UNMC (~5-10 min walk) in the Memorial Park/Dundee neighborhood, a little west of Midtown and Blackstone (~5 min drive) south of Benson (~5 min drive) and a 5-10 minute drive to either Creighton or UNO / Aksarben. The home has been redone/updated, and the common areas are furnished with a fully equipped kitchen. There is a high efficiency washer and dryer in the unit as well that you can use to do laundry. I can send photos/videos of the home if you would like. A little about myself...24 year old active, young professional who would like to live with someone (or people) in a similar situation, grad student, etc. Let me know if you are interested!:
