No more wasting time searching for potential customers, everyone you speak with can benefit from services you offer.

We have a State of the Art Customer Relationship Manager (CRM) that will record all information generated from leads and will notify you in real time via push notifications directly to your smart phone and email so that you can follow up right away by phone or using your pre-saved text and/or email responses.

Our first-class sales process is like no other and leads to more sales and more commissions for our independent sales representatives and team leaders.

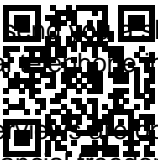

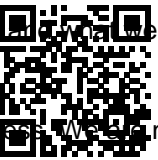

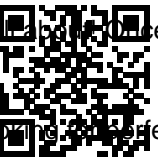

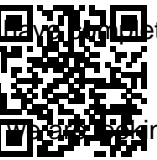

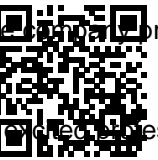

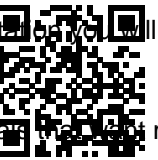

We provide complete training on what to say as well as how to use our technology and system to do the entire sales process online!

We have a commission advance program that helps you keep stability in your paychecks every week.

Our company has been around for over 90 years and since adopting the independent sales rep model we have shifted our focus to our representatives and making it possible for more individuals to choose remote work from anywhere in the world using a mobile device and internet connection.

This position does not require that you recruit others but there are incentives for those that wish to build a team of their own.

For consideration text with your name and email address.
