QR Code Link to This Post I am looking for a nice winter sublet in Maine. I am a writer and I would like a nice comfortable and inspiring place to spend a month writing / working from. The things that I enjoy are total privacy, cleanliness, and nice views. I am OK with secluded places. This will be my first time in Maine so I am open to the right spot in the state. I don't mind snow. If you have a property that you would like to send me information on, please include some photos and price. I am open to the coast or interior of the state. I would want to spend December 17 to January 16. A big space or a comfortable small space are both OK with me, it is more about being inspired and a quiet place to work without interruptions. I am looking forward to hearing from you. Thank.
